SKYLINE - DEFINING ARCHITECTURE

“ TO GIVE REAL SERVICE,
YOU MUST ADD SOMETHING WHICH CANNOT BE
MEASURED OR BOUGHT WITH MONEY;
AND THAT IS SINCERITY & INTEGRITY.

MAHENDRA PATEL
CHAIRMAN, MD - TROGON GROUP

Ahmedabad's first Twin Tower architecture is set to become iconic as Trogon Twin Towers take shape at one of the most progressive 'city-junctions',

The Ahmedabad-Gandhinagar Twin City node.

Trogon Group's vision is beyond an opportunity as a developer as it extends this idea to all or anyone with a similar progressive mindset.

Defined by two tall & futuristic identical towers constructed together as part of a single complex and shared infrastructure, Trogon Twin Towers are set to become landmarks and symbols of development & progress.
